

# Cirkel Table

Small but mighty, the Cirkel Table is a compact height-adjustable workstation designed for focused, individual work. Wider and deeper than standard touch-down tables, it comfortably fits a laptop and coffee with room to spare.

# Cirkel Table

## Features & Highlights

- ➔ Premium 18mm MDF construction with durable ABS edging.
- ➔ Compact circular worksurface designed for focused individual use.
- ➔ Height-adjustable from 720–1100mm to suit both seated and stool-height working styles.
- ➔ Available in 600mm and 800mm sizes to suit a range of room layouts and applications.
- ➔ Strong, stable construction with a 25kg load rating for everyday school use.
- ➔ Simple, unobtrusive design that supports workflow without interrupting movement.

## General Care Tips

**Daily Care:** Start by dusting the laminate surface with a soft, dry cloth to remove loose dirt and dust. For routine cleaning, use a damp cloth with a mild detergent or a specifically formulated laminate cleaner. Ensure that the cloth is only slightly damp to avoid excess moisture.

**Deep Cleaning:** For a more thorough clean, mix a small amount of mild dish soap with warm water. Gently wipe the surface using a soft cloth, following the grain or pattern of the laminate. Rinse the cloth with clean water and wipe again to remove any soap residue. Dry the surface with a clean, dry cloth to prevent water spots or streaks.

## What to Avoid

**Bleach and Harsh Chemicals:** Avoid using harsh chemicals such as bleach, ammonia or acidic cleaners, as these can damage the laminate's protective layer and lead to discoloration or peeling.

**Abrasive Materials:** Never use steel wool, scouring pads, or any abrasive materials on laminate surfaces, as they can cause scratches and dull the finish.
